

# THE AMERICAN ASSOCIATION OF IMMUNOLOGISTS

## Science Associate I

The American Association of Immunologists (AAI), the largest professional association for researchers in the field of immunology, seeks a scientist to be part of a publications team overseeing the peer review and editorial process for two primary research journals owned and published by the AAI, including the principal scientific journal in the field - *The Journal of Immunology*. This position requires an in-depth understanding of the principles of immunology and laboratory research. This position reports to the Director of Publications and will work directly with the Editor in Chief and members of the editorial board. Scientific writing required. Experience in scholarly, STM publishing industry not required. Full-time, on-site position.

Advanced degree (Ph.D., or related) in the biological sciences with comprehensive knowledge of the principles of immunology including course work and research experience. Minimally 3 years post-doctoral experience required as well as publications addressing immunological findings. Some travel required. Competitive salary, outstanding benefits, and free parking. Send cover letter, resume, writing sample (other than a journal article), and salary history to:

FASEB, Human Resources, 9650 Rockville Pike, Bethesda, MD 20814

or e-mail: [resumes@faseb.org](mailto:resumes@faseb.org).

**Applications sent directly to AAI will not be accepted.**

EOE.
