

EDITOR-IN-CHIEF

ImmunoHorizons

The American Association of Immunologists
seeks applicants for the position of
Editor-in-Chief for *ImmunoHorizons*

ImmunoHorizons (IH) is a scholarly, peer-reviewed journal owned and published by The American Association of Immunologists (AAI) – a non-profit, professional association representing almost 8,000 scientists world-wide dedicated to the field of immunology.
First published in 2017, *ImmunoHorizons* is fully open access and online only.

The Editor-in-Chief (EIC) is responsible for growing *IH* into a definitive resource within the research community. The successful candidate will have an appreciation of recent innovations and challenges in scholarly publishing and a vision for how *IH* will thrive. To achieve this goal, the EIC must ensure the scientific excellence of the content and the integrity of the peer-review process. To that end, the EIC will recommend an editorial board for appointment by the AAI Publications Committee and approval by the AAI Council; be responsible for the oversight of editorial conduct and the peer-review process; address concerns of authors; and make final decisions on manuscript publication. The EIC will address allegations of author misconduct and act in accordance with AAI Editorial Policies and Practices, and AAI policy.

The EIC reports to the AAI Publications Committee and to the AAI Council.

Applicants are invited from regular AAI members in good standing who have an accomplished scientific career, appropriate editorial experience, strong leadership qualities, and a vision for the future of *IH*. A history of reviewing for and publishing in AAI journals is required. Service as a Section Editor or Deputy Editor for *The Journal of Immunology*, or as a Senior Editor for *IH*, is a benefit.

The term of service for this position is from January 1, 2020, to December 31, 2022.
There will be an overlapping period starting in November 2019 to ensure a smooth transition of responsibilities.
A stipend will be provided.

Interested individuals are invited to submit an application package that includes a *curriculum vitae*; a succinct letter of interest and qualifications; a statement on the possible conceptual direction of *ImmunoHorizons* in its pursuit of scientific excellence; and innovations that may be considered.
Applications will be accepted through August 15, 2019. Please mail or e-mail them to:
